

REVITALIZE

and

ENERGIZE

through

ACTIVE

LIVING

In the midst of budget cuts and labor reductions our Colorado communities will continue to expect the programs and the elite staffing, which allow them to “Keep it R.E.A.L.”. Like many Recreation Departments on the Western Slope as well as within smaller communities, yours is made up of a core group of professionals. And now, your department is seemingly doing more with less in order to continue offering the activities your participants need and deserve.

Do not miss out on this opportunity to gain ideas that will help you continue delivering quality programs with a high performance team.
